## DEDICATION

'The CLASS of 1938 pays tribute to one of the leading actors in the drama of West Chester by dedicating this, our yearbook, to Miss Lois Clark. Miss Clark has been one of the college's most active faculty members for the past seven years and a friend and mentor to seniors in all departments. Her interests in education have never been limited to the Rural field nor even to this campus alone; her broad scope of interest in educational developments throughout the country has made her a stimulating source of information to all of us during our four sears here.

In view of the fact that Miss Clark leaves the campus with this graduating class, we feel that the dedication of our Serpentine is but a small token of our appreciation for the work she has done here. Although her new position as Elementary Supervisor in the Department of Public Instruction of the Common. wealth will allow her to portray her role in the educational drama on a much larger stage, we hope that she will recall with pleasure the important part she played at $W$ 'est Chester in the training of aspiring teachers.

MISS LOIS CLARK

CHAPEL

Staid and dignified, far wiser and more mature
Than when we first set foot upon this stage,
We, the cast, near the final scene of our production
Leave behind this theatre. This life
Has passed into the wings, and now we face
New life, new hopes, new roles in life's arena.
We greet the curtain's rise with mingled feelings.
Comedy? Tragedy? Farce? W'e little know,
And yet, we will play our part.
Thus from off this stage we now progress.
To make room for vounger, keener actors.
On with the show! Heed not our leaving.
The play's the thing, not the players.
-K. Pyle

## ACT THE FIRST

The curtain went up on one of the outstanding dramas of the year to disclose more than four hundred amateurs being initiated into the procedures of a West Chester production by a few of the stars who made an carly appearance for that purpose. The first scene was a whirl of receptions, luncheons, banquets, parties, teas, speeches, introductions, and attendant activities.

The serious business of the play began with the appearance of the stars and experienced actors, who made the cast total one thousand three hundred twenty. The usual theme was recognized with the imposition of freshman regulations, which culminated in the traditional pajama parade for the men. Variation was successfully and adequately provided by the innovation of night football on Wayne Field. Unprecedented enthusiasm and spirit displayed under the floodlights and the publication of a new fight song written by "Ted" Williams and Paul Giersch, two of the leading characters, attested to the popularity of this addition.

Balancing the program of fall sports with famous artists, the Entertainment Committee introduced the Jooss European Ballet, Jeanne Behrend, and Pherbia Thomas.

Parent-Alumni Weekend and Freshman Stunt Night were familiar and welcome events. Also familiar but more elaborate than in previous years was the major social function of the first act - the Junior Prom. This dance was ruled by Sara Twaddell, elected by the student body as Queen of the Prom.

After various events such as the lecture by Dr. T. Z. Koo, the joint recital by Mr. and Mrs. Mitchell, the Little Theatre Play dances and dining room parties, the first act ended with a daylight encounter on Wayne Field in which the home team bowed to Waynesburg College.

1. Freshman pajama parade. 2. Opening of night football. 3. Jeanne Behrend, pianist 4. Turkey Day fray. 5. Half-time on the hockey field. 6. Junior prom. 7. Back at the "grind". 8. Pherbia Thomas, lecturer. 9. Pep rally aids digestion. 10. Jooss Ballet.

## ACT THE SECOND

AFTER AN intermission for the celebration of Thanksgiving the cast returned to present a second act filled with many important events. The exotic Helen Jepson thrilled the audience in a concert which reached the height of entertainment. Outstanding in the holiday season of festivities was the annual Candle Light Service in the chapel on the eve of the Christmas vacation. As is the custom the name of the soloist was not disclosed until she appeared on the stage. This year Louise Bolton was the honored star who sang "O Holy Night". The White Supper in the dining room had preceded this climax, which was followed by the echo singing in the halls of "Old Main".

Returning from a period of rest and relaxation, the characters began a program of intensive study for the final examinations which marked the end of the first semester. The week of mental strain was broken by an evening of entertainment provided by the Vienna Choir Boys.

The beginning of the second semester was marked by a new honor for West Chester. The University of Pennsylvania brought a course to the campus, thus making graduate work possible for the first time at West Chester.

Maurice Hindus' lecture on Russia and Mr. Husband's illustrated talk in chapel about the cooperatives in Sweden provided the balance for the second major social function of the production the Mid-Winter Formal, which this year was known as the "Eskimo Escapade". Included in the social aspect of Act II were the Rush programs of the Moore and Aryan Literary Societies. The Aryans presented "Dulcy", starring Esther Morgan and "Ted" Williams. The Moores experimented successfully with the operetta "Rosamunde" with Christina Wheaton in the title role and "Bob" Hunt playing opposite her.

Another history making episode in this drama was the Ground Breaking Exercise on February the eighteenth. The presence of State dignitaries and of many other distinguished visitors, speeches, and a half-holiday from classes all contributed to the importance of the occasion which inaugurated the building program at West Chester.

1. White supper. 2. Moore Rush committee. 3. Moore Rush program. 4. Ground is broken for new building. 5. Helen Jepson, vocalist. 6. Trees move across campus. 7. Maurice Hindus, lecturer. 8. Aryan Rush program. 9. Aryan Rush committee. 10. Christmas Carol Service.

## ACT THE THIRD

ACT itl will long be remembered for the appearance of Lawrence Tiblett in a concert on the Philips. Memorial stage. The Metropolitan opera singer completely captivated the West Chester cast with his personality as well as with his voice.

A smoker which was thoroughly and uproariously enjoved by the male population was an imnovation. Not to be outdone, the women of the College held a party for themselves and followed it by a Better Room Campaign.

With the close of basketball season, attention centered on the moving of five large trees, the excavation, and the transferring of library facilities to the "Old Gym" and Recreation Hall, all of which indicated progress on the campus renovation project. Over a period of several weeks, various conferences were held. Among these were a Social Studies Conference and the annual Rural Day Conference.

As usual, the Lenten Scason was marked by frequent musical events and by the presentation of Everyman, a fifteenth century morality play. After a beautiful Dawn Service on south campus, there was a late intermission of eleven days.

On April twenty-ninth, the College was host to a bery of high school seniors who came as prospective members of next year's cast. The last scene began on May the si th with Senior W'eekend, which was held on campus with the dances in the Ehinger Gymnasium transformed into a Dutch setting.

Spring sports and a brilliant May Day festival prefaced a week of gruelling examinations which concluded a successful production for the understudies, who then cleared the stage for the final appearance of the stars. Five days of class activities climaxed by the Commencement Exercises on Tuesday, May the twenty-fourth, brought the curtain down on one of the most successful productions ever witnessed at West Chester.

1. Hill-billies (?) at men's smoker. 2. Men's Glee Club concert. 3. Mr. Wille, accompanist to Mr. Tibbett. 4. Lawrence Tibbett, vocalist. 5. "Chris" Sanderson entertains at Olympic Club exhibition. 6. Seymour Baterak, concert master for symphony orchestra. 7. Science classes help move the library's contents. 8. Ram basketeers. 9. Olympic Club thrills audience with exhibition. IO. Integral part of May Day-the May Pole. 11. Classes over-deserted.

## D'I RECTORS

## DIRECTORS

THESE ARE the directors of our play, the individuals who sit behind the footlights to guide and direct the actions on the pedagogical stage. $\mathrm{T}_{0}$ them is left the design of the various scenes of the plot, from the more serious endeavour of the classroom to the morning scramble for bacon and eggs.

At the top of the list are the State Department of Public Instruction as represented by Dr. Ade, the Board of Trustees, and President Swope. To them we are indebted for much of our individual happiness at college ; particularly at present are we following the results of their endeavours as evidenced by the clamour arising from the hole in the western campus which presently will be a fine new recitation hall. Next in order of direct influence upon the actors are the four deans and the faculty, the latter group obligingly taking the part of promptors in the learning of the script.

Besides this list of officers, there is another parallel group which serves the actors in various departments. Among these groups are included the Maintenance Department, through which necessities of the college are bought; the Health Service, which takes care of the health of the students; the Business Administration, which genially sees that everyone pays his bills; the Dietitian and her workers, who supply what an army and also a student body live on; and the Personnel Department, which cares for those who work either because of desire or necessity.

Last among the minor directors are the Student Government officers, the class officers and all the other student officials and their assistants. The efforts of all these directors are centered on the actors, the core of the whole system.

## TRUSTEES

THE MOVING force behind a living enterprise is very seldom seen, although its dynamic power is sensed by the most casual observer. This force, which is the driving energy behind the machinery of administration, is responsible for the degree of excellence with which the enterprise is conducted.

I visitor to the Capitol of our nation at Washington is first struck by the beauty and stateliness of the building. However, there is something in the air, an electric, dynamic something, that is sensed by all who stop to gaze and meditate. This

Mr. Cann, President force, this unseen something, is the personification of the will of one hundred million people, a will which makes itself known and which works for the good of these people.

So it is with West Chester. Behind all these buildings, these acres, the faculty, the administrative machinery is a force which is working for the best interests of the College. The force, in this case, is the Board of Trustees, the guiding influence behind the scenes, the influence that is making for a better West Chester.

WEST CHESTER, PENNSYLVANIA

April 11, 1938

To the Members of the Graduating Class:
It is wise and helpful to pause and take stock of one's achievements - whether they be personal or collective, socisl or academic. This book is such a summarization. Here are the pictured and written records of four years of work and play, success and happiness, things that will pass and things that will last; all the hearty livins that has become inextricably interwoven with the life-pattern of the Class of 1938. The book itself is excellent. Into it has gone much thought and earnest work. It reflects credit on both the staff and the college and takes a deservedly high place among college annuals.

As a closing word, may I remind you that the process of education is not the assimilation of book knowledge and the passing of courses; it is a mastery of an attitude towards your world. You must learn to be discontented with all that is unjust, unfair, and unbalanced, to champion to the last ditch that which is right. This book will serve to remind you not only of a happy past, but also of the fact that the college stands eager to give guidance and encouragement to the efficient builders of the world of tomorrow.

Cordially yours,

Twenty

CHARLES SEIGEL SWOPE, A.B., A.M.

Although the Dean's particular duty is the weighty responsibility of caring for the scholastic problems of each individual in college, his activities extend even to becoming personally acquainted with most of us here at school. He is looked upon with considerable awe by the Freshman, but the Senior has come to know him as a friendly counselor and as an experienced guide.

Winfield W. Menhennett, B.S., A.M. Dean of Instruction

## BUSINESS STAFF

IN ANY organization, be it large or small, worldly or aesthetic, educational or commercial, there arises that insignificant matter of how shall we put it? handling the where-with-all? the shekels? We are very fortunate to have on our campus a capable staff, whose duty it is to look after the pecuniary affairs of the College. Mr. Ermon Postles, that financial wizard, is the local version of the chancellor of the exchequer. It is he who, much to our discomfort, makes the necessary collections from the poverty-stricken student body and allocates these funds to the proper financial personages. "Tis a sad, sad duty to be sure, but since it is the fiscal policy of society to make use of such a hard, materialistic thing as money, we have turned that irksome joy over to Mr. Postles and his efficient staff. Surprising to say, they enjoy it.

Ermon Postels Bursar and Control Agent

Changing our mood and setting back into a more serious strain, we congratulate the Business Staff. They have a hard task, and unlike a great number of other types of work, theirs has to be absolutely correct. accurate down to the last cent. When we stop to think how hard it is to keep track of our money, be it only a few cents, we can appreciate the situation that confronts the Business Staff every day in keeping track of the money of over thirteen hundred students, in addition to a number of other duties. At the end of the year we should stop and admire the staff when we see the hard job that has just been completed, and realize that they are about to start all over again and do the same thing just as perfectly. Since the success of any enterprise depends upon the efficiency of its business organization, it follows that much of the success of this College is due to the efficient work of this department.

# PERSONNEL DEPARTMENT 

The personnel Department, allhough of rather recent origin, has accomplished much. Nore and more, as the months roll into years, it is proving its ability and worth in coping with the problems apportioned to it. Its success in great part, must be attributed to its very capable director, Mr. Clarence L. McKelvie.

The purpose of the department is to centralize the various matters relating to better understanding between the faculty and the student body. The department is in

Clarence L. McKelvie Personnel Director charge of all matters of student help jobs on the campus, student employment on and off campus, and N.Y.A. work. It administers the Student Loan Fund, and in general is in charge of student aid and employment. The department appoints advisers to all entering students and special groups, and sets up and administers the college testing program for all entering students.

In its relatively short life the Department of Personnel has achieved much, and, it has even greater hopes for the future. This very important brancl of college administration has proved its worth in helping to solve problems of utmost importance to the students.

By her friendly and affable manner, her ability to put herself in the position of the girls of the dormitory, and by her willingness to share her time, our new Dean of Women has made the best of a rather difficult office. It is significant that the appreciation of Mrs. King's work is not limited to the women of the College.

[^1]

Eleanor E. Starkey Assistant Dean of Women

Through her helpful associations with the women Miss Starkey, working with Mrs. King, has done much to foster the finest type of social life on our campus. Not the least of Miss Starkey's activities is the lending of her musical talents to various functions of our school.

Mr. Killinger's greatest forte lies in his sincerity and in his willingness to place himself as one of the men. By his innate understanding of their problems, coupled with his straightforward manner of attack of those problems, he has made himself a force for good, affecting not only the dormitory men but the entire group of men students.

## HEALTH SERVICE

The show must go on! Illness on the part of the cast is a calamity which must not occur. To safeguard the health of one thousand three hundred twenty people is an important as well as a difficult assignment to fulfill, but our Health Service Department has proved itself adequate to meet the demand.

Daily, Dr. Scattergood, with the expert assistance of Miss Glance and Miss Dreis, ministers to the sick and wounded in the well-equipped infirmary on Rosedale Avenue. They offer preventive as well as curative measures in an effort to keep their charges in a state of physical fitness. A campaign against syphilis, the administration to seniors and freshmen of the Mantoux test for tuberculosis, and a physical examination of all students are projects which have been executed by this department.

Afraid of a doctor? Or nurse? They are our friends and are vitally interested in our well-being. They are the unsung heroes who help make it possible for the show to go on.

Dr. Scattergood

Mr. Chambers

## MAINTENANCE

The Maintenance Department is one of those behind-the-scenes departments. It is little heard of, and yet it is one of the most important departments on campus. Included under the jurisdiction of this department is the supervision of the physical facilities of our campus and of the interior of our buildings. Because of the untiring efforts of Mr. Herbert Chambers, our stage and stage settings are always repaired, clean, and ready for use. Miss Rebecca Dissinger is the authority that keeps the Main Dormitory in good working order. To this efficient department we owe a debt of gratitude for the wholesome atmosphere in which we live. Without a doubt, the greatest influence on our lives during our four vears in college is not so much our courses, our faculty, or our athletics, but our reaction to life as it is on the campus. This department, with its efficient and capable staff, provides the proper atmosphere in which to live and grow toward better personalities.

WE, THE Class of 1958 , wish to take this opportunity to express our appreciation to the members of this faculty for the manner in which you have molded us from green, unpolished freshmen on this campus four vears ago into prospective teachers. We have often disliked you for term papers, long assignments, and "finals", realizing all the time, of course, that these were "necessary evils" by which we undoubtedly profited.

You have been the directors of our play. Your ever-enduring patience and timely advice have taken us from the apprentice stage to what we like to think of as the period of stardom. Now we enter a new play. With your classroom advice and philosophies still in mind, we hope to turn in a performance that will make you proud of your work.

## UNDERSTUDIES

TO yOU, the understudies, we leave the positions that we have occupied as stars. May your endeavors outdo ours. Profit by our mistakes; know your lines, your positions on the stage, and your play will te worthy of note.

We have acted our parts to the test of our abilities; our hopes of accomplishment are now yours - may your performance be a credit to yourselves, your directors, and your college.

McSparron, President

Larkin, Secretary

Latshaw, Treasurer

## JUNIOR CLASS

UPON RETURNING to the set in September, we found that Edward Lentz, whom we elected to head our class, would not participate in our third year drama; the leading role was then placed in Harold McSparran's capable hands, who received able support from Jcan Larkin as secretary and Catherine Latshaw as treasurer.

We immediately began rehearsal for our big scene of the year the Junior Prom. The committee, under the leadership of "Bob" Haines, converted "Rec" Hall into a Parisian night club "Chez les Apaches".

Many of our members have starred in other plays around the campus. In the men's Intramural Basketball League, the Junior Health Education team was runnerup while the junior girls won in their division.

For our directors, Miss Lois Clark and Dr. James Andes, we have nothing but praise for the way in which they have helped us.

We anticipate another fine performance next year when, as seniors, we hold the center of the stage.

## SOPHOMORE CLASS

O UR PLAY within a play began as we, returning from summer delights, anticipated a year in which we would be kings of the campus, or, at least not Freshmen. Athough soon becoming the leaders and the affectionate tormentors of the stage hands, the Frosh, we never even approached tolerating being numbered among them. Nor did we in any way feel inferior to the Junior, industriously scanning the script, nor even to the Senior, as he philosophically surveved the close of his particular drama.

Then came the time when campus "cuties", social lights, heroes bold, and even one or two students of our number played host to our friendly classes at the Snowball Dance. Soon we again proved our entire self-sufficiency at the Sophomore Pienic, which particular scene marks the concluding action of our play, from the outside at least; for everyone knows that the summer days hold no terrors for the Soph.

## FRESHMAN CLASS

DURING our first week on location we were treated like stars; dances, teas, and lectures were held for our benefit, and we were made to feel that we were cast in the leading roles. Soon, however, came the return of the "old hands", and our once proud heads were promptly adorned with green dinks and ribbons, and we were obliged to take a lesser part in the West Chester drama.

November the thirteenth saw us back in the spotlight with our Freshman Stunt Night, in which all performers were members of our own class.

Soon "regulations" were lifted, and we were once again permitted to do the little things that seem so unimportant until they are banned. In a class election we chose William Hoffman as president; Joseph McInerney, vicepresident; Elmira Slaybough, secretary; and Sarah Faber, treasurer; each turned in an excellent performance. With the advent of basketball we found our class the proud producers of a first rate "frosh" team. On Washington's birthday we sponsored a tea dance, with Joseph McInerney as general chairman.

Under the able direction of Miss Meinemann and Mr. Waters, our play was well coached and our parts well played. So it is with great hopes and fondest memories that we draw near the close of the first act of our college careers.

## SERPENTINE

It is the aim of the Serpentine staff to set down an accurate account of the year's happenings on the campus. Although in previous years the staff has concerned itself primarily with the activities of the Senior Class, it has been our plan to make this year's Serpentine not merely a yearbook of the Senior Class but one of the entire college. Needless to say, this undertaking has greatly increased the burden and responsibility placed upon the staff.

Here is the finished product. We offer it to you with the feeling of having completed a difficult task to the best of our ability. If we have failed to reach the high standard that we set for ourselves, we have the consolation of knowing that we did our best. If we have succeeded in achieving our goal or, perchance, in surpassing it, we have the satisfaction of knowing we did our job well.

Farewell. To you who follow in our footsteps, we leave this record of our four vears of college life. May you surpass our humble accomplishments and rise to even greater heights of scholastic, athletic, and cultural growth.

## SPEECH CLINIC

PURPOSE: First, to train a group of clinicians to go out into the public schools and carry on the work of a speech clinician; and to correct the speech defects of the college students.

ACTIVITIES: The specch clinic is now in the Demonstration School which is a part of the college. It has been colorfully decorated and furnished by the Art Classes under the dircetion of Miss Farnham. In the Speech Clinic provision is made for each student in every speech class. Each student's voice is carefully diagnosed, recorded, and treated. The ones possessing good speech qualities are trained as clinicians, while the ones needing treatment are patients.
The Speech Clinic also serves as a diagnostic clinic for children in schools throughthe county. Many teachers who have had experience in the clinic while students here bring their pupils back for diagnosis and treatment. The Speech Clinic has, therefore, become an organization serving the public as well as the college.

## HEROES and HEROINES

## MEN'S SPORTS

Ever determineld to win, these men walecl into batile whectier on the gridiron, the track, or other setting of manly combat. Mixing brawn and wit into that mighty combination which makes for great teams, they often achieved victory in spite of heavy odds. Seasoned with good sportsmanship, their records will live in the tradition of West Chester sports fame.

Great teams of the past have struggled, lost, and won on the playing field to build a fine tradition of clean sport, but none have done more to foster that spirit than have these heroes of 1938. Moreover, they have done much to win for the college wide recognition as a serious contender for athletic honors.

Varsity teams, substitutes, and intramural players have all been heroes in the portrayat of an athletic program at once healthful and inspiring. Forecasting a bright future, our teams march on.

## FOOTBALL-1937

Coach glenn killinger's Purple and Gold gridiron warriors from West Chester State Teachers College emerged from the strenuous ten-game schedule of 1937 with six victories, three defeats, and one tie. Playing their frrst season under the glare of the floodlights, the Rams literally shone with glory in their eight home games, seven of which were nocturnal frays.

After subduing a powerful Rutgers team 12-7 in a pre-season, informal practice tilt, the Purple and Gold opened its season by meeting the team of Pennsylvania Military College on September seventeenth. The Rams took the scarlet-clad Cadets into camp to the tune of 19-0 before an enormous opening game audience of eight thousand four hundred fans. Captain "Dick" Nye was the spark that set off a powerful attack, scoring the Purple and Gold's first touchdown after a brilliant march down the field, later passing to "Bill" Phillips and "Flea"

Clifton for two additional counters. This victory maintained an unbroken string of opening game victories for the Killinger-coached elevens, and sent the Cadets home in full retreat.

One week later, the Rams eked out a $7-0$ victory in the final stanza from the green-clad warriors of Slippery Rock State Teachers College. After an exciting battle of three periods, a pass, Windish to Phillips, broke a $0-0$ deadlock and eventually meant a $7-0$ victory over the Rockets, the extra point being added by "Bob" Nye. Last season, a pass by the Purple and Gold broke a 6-6 tie and meant defeat for the Rockets from the West.

The next fray was staged when the "Explorers" of "Marty" Brill from LaSalle College invaded the territory of the Rams and administered a 6-0 defeat to the Killingermen. In the final minute, two passes, Kosteva to Pilconis, scored the first touchdown of the season for a visiting team and put a heart-breaking finish to an evenly waged battle. "1Dick" Nye was the spearhead of the Ram's attack and was ably abetted by Stratton and Windish. In the closing minutes, a bad pass from center prevented Nye from booting, and a penalty gave the "Explorers" the ball on the Purple and Gold's twenty-five yard line. Then, two quick passes, and the game was won.

In the last of a series of four home games, a powerful Ram eleven crushed Ithaca College by a $20-0$ score and brought its average to three victories out of four starts. The West Chesterites struck swiftly in the first quarter for two touchdowns, when, after eight plays, flying "Rabbit" Ward scored on an end run; near the end of the initial period, Captain Nye went off-tackle for the Rams' second counter. "Bob" Nye, brother of "Dick", split the uprights, bringing the total to 13 . During the second and third frames, the blue-jerseyed New Yorkers assumed the offensive but were stopped time after time. The brilliant play of "Spuds" Bruno was a constant thorn in the side of the visitors. The final counter was chalked up when Ithaca fumbled on its thirty-two and the Rams drove on, with "Dick" Nye adding the final score, and Bruno converting the extra point.

After their first journey to foreign territory, the Rams returned to port, bringing tidings of a second defeat. On a fogbound, "ceiling-zero" gridiron, the Geneva College eleven chalked up a $7-6$ victory in its own arc-lighted Reeves Stadium at Beaver Falls. Early in the second quarter, Delon, the Westerners' flashy back, galloped off-tackle behind splendid interference for a fifty-seven yard gain and a "T. D." The extra point was added by Belichik. and later proved to be the fatal margin which spelled defeat for the minions of Glenn Killinger. The remainder of the game was played in an ever increasing fog. West Chester's "Bob" Nye, in the third period, intercepted an enemy fumble in air, and raced seventy-eight yards for a score behind his brother "Dick's" blocking. He failed, however, to convert the extra point.

After a "lay-off" of one week, the Rams met the red and white-bedecked Kutztown State Teachers College eleven in the Purple and Gold's own territory and cleared, with ease, the second barrier in their path toward a mythical State Teachers College football diadem. In the first period, "Vince" Phillips, Ram wingman, recovered an enemy fumble on the visitors' thirty-eight yard line. On the next play, "Flea" Clifton set out on an off-tackle jaunt and sprinted to "touchdownland" behind handy blocking. The try for extra point was blocked. Again in the second period, after an aerial - Windish to Nye-had placed the ball on the one yard stripe, the Killingermen scored another, the extra point being added by "Bob" Nye. To clinch the game, the Purple and Gold again staged a march down the field, and the scored showed 19-0. The Maroons came back fighting in the second half, but great defensive play held them to a lone marker, and the fray ended to the tune of a 19-6 victory for the Rams.

The next contest showed the Purple and Gold clipping the wings of the Hawks of St. Joseph's College on Wayne Field, 14-7. In the second quarter, after "Dick" Nye had passed to "Vince" Phillips, the ball was taken over from the six yard marker by "Flea" Clifton. On this play Nye received a dislocated shoulder and was removed from the game. "Bob" Nye's placement kick was good. In the third quarter, the Hawks knotted the count, after Cole crossed the broad marker and added the extra point. Late in the final frame, three fleet Ram backs, Clifton, Ward, and Stratton, loosed a rapid-fire running attack which terminated only after Stratton had crossed the final chalk-line and a defeat had been handed to the Hawk grid-machine. As an added jesture, "Bob" Nye added the extra point. The line play of the locals and timely pass interception played a marked part in this Purple and Gold triumph.

The third game in eight days proved to be too much for the Killingerites, and a snappy "Bald Eagle" eleven took home a 6-0 victory and the mythical State Teachers College crown. After a West Chester fumble in the second period had been recovered by the Lock Haven aggregation, Hopkins, of the "Eagles", toted the leather over into the end zone for a marker that eventually spelled defeat for the Rams. In the last period, after a Lock Haven punt was blocked, and the ball was placed on their six yard stripe, the Purple and Gold advanced the ball to within six inches of a score. It was then that a powerful "Eagle" forward wall ruined the hopes of the local lads, and the Rams failed on their final chance of the game.

After another vacation of a week, the Killingermen journeved to Chester, Pennsylvania, to face once more the battle array of the Cadets of P. M. C. The Cadets proved to be much stronger now than in the first battle of the season, and the Purple and Gold registered a 6-3 victory. P. M. C. counted its three points in the second period, when "Tom" O'Malley booted a field goal on fourth down. Late in the final period, a penalty placed the ball on the Cadets' twenty-five. In eight plays the locals were ahead by three points. "Bob" Nye's try for extra point was unsuccessful. Thus, the Rams brought home a welldeserved victory in a closely contested fray.

The Purple and Gold rang down the curtain in its only daylight home contest on Nowember twenty-fifih, when it faced the eleven of Waynesburg College in Wayne Field's Turkey Day classic. A battered Ram eleven, with a revamped lineup. was held to a scoreless tie. Two last period plays proved to be

## SOCCER-1937

'「HE PURPLE and Gold booters of Coach Earle Waters plowed through a rigorous ten-game schedule, and statistics showed them to have chalked up eight victories and two defeats in collegiate competition. This record speaks for itself, when one considers the effect of last year's graduation on the Watersmen. Excellent conditioning and coaching triumphed numerous times to spell defeat for the enemy and proved that, again, the Ram booters did their bit to maintain their widely known prowess on the soccer battlefield.

In a pre-season, informal practice clash with the Passon Phillies, the Quaker City's member of the American Professional League, the Rams remained on a par with the International and Olympic stars for one half, but superior knowledge gradually won out, and the Purple and Gold booters were suppressed, 6-2. Again in mid-season, in a practice tilt with the powerful Lighthouse Club, first division members of the Pennsylvania Soccer League, the visitors' superior skill cropped out, and the Rams were again on the short end of the score, 3-0. It was apparent, however, that not all the talent was on the side of the visiting aggregations.

In the inaugural fray of the official schedule, the Watersmen subdued the "Grads", 2-0. When the game was only five minutes old, the varsity forged ahead after a penalty conversion, by "Eddie" Bairstow, which followed a foul called on "Bob" Rees, '37. The second score of the afternoon was netted in the second period when "Pappy" Ramsdell shoved in a corner kick. The "Grads" then warmed up to the tilt, put on the pressure, for which they were noted, and the game was, from then on, scoreless. Moore, Rupert, McCall, Earle, and Howley were outstanding for the "old-timers".

Four days later, the Rams encountered the "Diplomats" of Franklin and Marshall College in the first intercollegiate contest of the season, and traveled back to West Chester with a t-1 victory. Midway in the initial frame, Storti, Ram inside, tallied the first Purple and Gold marker. Later in the same period, the "Diplomats" knotted the count when Pioso scored on a pass from Rupp. In the second half, Hartz, Bairstow, and Henderson dented the cords

from scrimmage. This victory came on the eve of the presentation of a plaque to President Swope in recognition of the record of the team of 1936. The trophy was symbolic of co-championship of the Intercollegiate Soccer Football Association of America, four teams, Penn State, Syracuse, Princeton, and West Chester being on a par and having unblemished records.

On the crisp morning of October twelfth, the booters of W'est Chester State departed for a five days' journev to foreign terrain. On Wednesday, October thirteenth, the lads met the Red and Black team representing Stroudsburg State Teachers College; one day later they met the Red and White Cortland Normal School booters; and on Saturday, the sixteenth, the Blue and White soccermen of Ithaca College, on Lake Cayuga's picturesque shores, formed the opposition. From this rigorous and demanding tour, the Watersmen emerged with two victorjes and one defeat, the latter being the second in sixty starts in intercollegiate warfare.

At Stroudsburg, Pennsylvania, seven hours after leaving the gently rolling hills of Chester County, the Rams met and were defeated by the Red and Black, 3-2. In the first period,

Manager Sehl Snow, inside left of the Red and Black, banged in two counters.

Two behind, the locals began clicking, and Bairstow, Purple and

Manager Kohn Gold wingman, with assistance from Ramsdell, crashed the nets for a counter. In the second period, Captain "Joe" Carney of the Rams headed one into the cords, and the count was deadlocked 2-2. Coming out in the third frame, the upstaters launched a furious drive, culminating in a score by Tulley, on a pass from Balcom, and proving to be the deciding score in a Purple and Gold defeat, 3-2.

Moving on to Cortland. New York, the Rams partially atoned for their previous setback and snowed under the Cortland booters, $4-1$. When the fray was three minutes old, Captain Carney dented the Red and White's cords for the initial tally. Two minutes later "Eddie" Bairstow hit the cords for number two, and then, for number three he converted a penalty shot, as the Red and White made several substitutions. This Cortland aggregation scored the only goal for the homesters. As the game neared its close, Bairstow again blasted a free ball through Nucchi, Cortland goalie, and the game ended, West Chester 4 , Cortland 1 .

The final fracas of the tour was staged two days later when

MacNab

Beardsley
the Purple and Gold defeated the hue and white-clad warriors of Ithaca College by a 2-1 count. Throughoui, the battle was evenly waged. After cight minutes of play, Spoitti, Ithaca halfhack, dented the Purple and Gold nets for the initial marker. The first (ally of the Rams materialized when Bairstow whizzed one past goalie Colnan. The final tally came in the third period, when Bairstow, on a free, foot, hit the upright, and "Johnny" Hartz tore in and scored. Statistics show that the Rams had twenty-two shots at the enemy's goals while theirs were tried for eleven times. Out of twenty-two attempts, the Purple and Gold converted nine, and the opposition converted six out of a possible eleven. The six hundred mile jaunt

Swartley over northern Pennsylvania and western New York will long be remembered by the Whatersmen. The traveling warriors returned to the Purple and Gold campus early Sunday evening, October seventeenth.

After one week's lay-off, the Waters' clan resamed hostilities and shut out a baffled Salisbury State Teachers of Salisbury, Maryland, to the tune of 5-0. Only the excellent work of the Red and Gold goalie, Swann, kept the score from mounting. "Pappy" Ramsdell personally accounted for three of the five counters. Captain "Joe" Carney accounted for the fourth marker, and fullback Lawson, on a fifty yard kick, accounted for the fifth.

One week later an undeniable Ram team plucked the feathers of the Delaware University "Mudhens" to the tune of four goals to one. Captain Carney sparked the attack with two goals, and was ably abetted by Ramsdell and Hartz, each scoring once. The Mudhens' lone marker came in the final period with an all-reserve Purple and Gold eleven being scored on by McCord of the "Hens".

For the final journey of the season, the Whatersmen turned south to Westminster, Maryland, to meet the "Green Terrors" of Western Maryland University, and were turned back 2-1. In the first quarter, Bairstow, Ram wingman, converted a penalty shot for the lone counter of the visitors. The remainder of the game was "nip and tuck" until, with six minutes to go, the "Terrors" "went to town". Belt, on a pass from Reckhard, chalked up a tally, and knotted the count, 1-1. Caution thrown to the winds, the Rams were again after another marker when Wright, "Green" wingman, intercepted and dribbled the length of the field, passed to Volkhart, who scored; and the Rams received their second defeat of the season.

On Armistice Day the Rams made war on the Temple University's "Cherry and White" aggregation before the largest crowd of the season and whitewashed the visiting eleven, 3-0. Goals by Carney and Hartz in the second period placed the homesters ahead, and scoring was nil until the final frame, when Ramsddll scored the final goal. Appearing with Temple was Nemchick, who played on the 1956 United States Olympic Team, and who is one of the most heralded men in intercollegiate soccer.

In the season's windup, the Rams again entered the winning column by defeating a strong team of "Crusaders" from Wheaton College, Illinois, who were on an eastern tour with an itinerary of five games. The "Orange and Blue" had the misfortune of losing their star center forward on account of an attack of appendicitis. Midway in the second period, diminutive "Eddie" Bairstow nicked the net for the lone score of the afternoon. Commendable defensive play of the "Crusaders" was a deciding feature of this close game, as the Purple and Gold booters closed their season with eight notches in their gun.

## J. V. SOCCER

A TEAMI, CONSISTING of Frosh and J-V men, turned in the fair record of four victories and two defeats, losing only to two championship teams. Unionville, champions of the Chester County Iligh School League, handed the yearlings their first setback by the score of 3-2, while the second reverse came at the hands of the Harrington High School, champions of the State of Delaware and winner of the six-a-side soccer tournament, held under the supervision of varsity coach Earle C. Waters.

The victories chalked up were two over Goldey College of Wilmington, Delaware, 3-2 and 2-1; one over Avon-Grove 1High School to the tune of 2-1; and one over the Hill School, Pottstown, by the score of 2-I. Peculiarly, the youngsters scored twelve goals during the season, as did the combined opposition.

Several of the J-V's showed considerable ability, and fine sportsmanship was evident at all times. Davidson at halfback, Hall at inside, Carr, Cochran, and many others showed an aptitude toward the type of play used by "Muddy" Waters' varsity booters and should prove to be a valuable asset next season.

## ROLLER SKATE HOCKEY

ASPORT comparatively new to this campus, Roller Skate llockey is fast coming into its own, having gotten under way as a part of Mr. Graham's rapidly growing intramural program. The team which represented the College in the two off-campus frays was selected by Mr. Graham from the roster of players competing in the intramural circuit.

The first of these contests was played against the semi-pro Allentown Aces and went an extra period with the Ram quintet finishing on the long end of a $6-5$ decision. Scoring for the locals was led by Captain Carl Young, who accounted for four of the six Purple and Gold tallies, the other two being contributed by "Bob" Lomax. Jack MacNab, though not scoring, turned in a fine performance from left wing, and Betley and Schaeffer handled the defense very capably.

The second game found the West Chester aggregation again the winners. This time it was the team from Downingtown that bowed, and the score was a much more decisive 11 to 3 with Captain Young again snaring the scoring honors.

For those who like their thrills in sport fast and rough we recommend hockey on roller skates. The game carries with it much of the speed and clash that is found in its cousin, ice hockey, and since we have no facilities for the latter here, this may be accepted as a fitting substitute for the "fastest game on two feet".

## FRESHMAN FOOTBALL

Racing througir a strenuous six-game schedule resulting in one victory, two ties, and three reverses, the Graham-coached Frosh pigskin toters, led by Captain "Ernie" Mowbray, displayed fine skill and keen sportsmanship.

The first two games with Bordentown Military Academy and Albright College "J-V"s", respectively, ended with the score deadlocked, 0-0 and 6-6. The first reverse was at the hands of Temple University's Frosh aggregation by the score of $15-7$, which was followed by a drubbing from the University of Pennsylvania's Frosh to the tune of $36-0$. The third loss in a row came from Pennington Prep, 12-0.

Recuperating, the youngsters won the finale, a night set-to, from the Carney Point Y. M. C. A. eleven, 7-0.

In addition to Captain Mowbray's inspiring play at center, Gauntlett was a versatile, triple threat man; Jacobs displayed consistent blocking ability; Gunderson's and Buzas's all-around line plays were noted, as was Farley's ability at end, along with Pfenning's signal calling and drop kicking.

Much is expected from these wearers of the green when they don varsity equipment next fall. The Ram eleven will be greatly enforced by their addition.

## CROSS COUNTRY TEAM

The completion of the 1957 roster of the

Otwele. Purple and Gold harriers shows four consecutive victories and two losses. Under the Ieadership of Captain "Eddie" Otwell and the tutelage of coach Earle Waters, this small band displayed courage and stamina worthy of any Ram squad. Having a nucleus of four veterans to form a well-balanced combination, the harriers turned in colorful and commendable performances.

The first of a four-victory streak came at Swarthmore College to the tune of $23-22$. After the Bloomsburg harriers journeyed to the backyard of the Purple and Goldsters, they returned with a $26-29$ setback at the hands of the Rams. Two institutions from the city of Philadelphia were next to be taken; namely, the University of Pennsylvania and Temple University ly the scores of 23-24 and 27-28 respectively.

Following this string of victories, the harriers' first fall came at Alfred College, New York, to the tune of $25-50$. A short course proved to be the visitors' undoing.

The second came at Philadelphia, when Temple University avenged its former defeat by the score of $22-23$.

The two seniors of the team, Captain "Eddie" Otwell and "Johnnie" Molnar, at all times turned in noteworthy performances. The gap these seniors leave will be hard to fill, but a wealth of underclassmen, Shotts, Morgan, Stancato, Hartin, Salyo, Hollick, Benyish, and Mclnerney are aspirants for their positions.

## BASKETBALL-1937-38

THE PURPLE and Gold courtmen, under the tutelage of Glenn Killinger, provided heart-breaking battles and dazzling victories in their eighteen game schedule. The Ram quintet, after losing one and winning two, hit one of the worst slumps in their history, a loss of eight straight frays. They partially retaliated by closing the roster with a string of eight scalps on their belt.

In the opening battle with Millersville State Teachers College in the Ehinger Gym, the contest ended in a stalemate at $30-30$, but a technical foul by the Millers finally did the damage as the Rams went under, 31-30. The second battle saw the Rams winning number one by the count of $38-35$ over a battling visiting aggregation of Washington College courtmen, who finally took home a defeat. Number two triumph saw the "Mud Hens" of Delaware University bite the dust to the decisive score of $60-29$ in a game staged below the Mason-Dixon line. This proved to be the last taste of victory for the Rams for many days.

The first of a long backward slide came at the hands of the Pennsylvania Military College

Cadets, 29-37. This was the first basketball victory of the Cadets over the Rams in the school's history. Next came a LaSalle College triumph at the hands of the Rams by the score, 47-34. Continuing their slide, the Rams lost to Millersville, followed by another defeat, at home, by Penn A. C., 31-26. The fifth in a row was administered by Geneva College in the Ehinger Gymnasium to the tune of $39-35$, and in a return fracas the courtmen of Penn A. C. again set the lads back, $54-\overline{3} l$. Up at Bloomsburg the rival Teachers set the Rams back with their seventh straight reverse, $40-36$, followed by their eighth reverse at the hands of Westminster College, 34-25.

In these about-faces, it is $t 0$ be noted, however, that in most cases, the Rams were leading up to the final minutes of play but seemed to forget their routine and permitted the opponents to forge ahead. Five of these games were lost by five points or less.

The third victory for a victory famished Ram quintet came at the expense of Delaware University by the close score of $37-34$. This triumph started the Rams on what proved to be a winning streak of six straight victories. East Stroudsburg proved to be the second by the tune of 38-35, followed by two victories over the Dutchmen of Kutztown Teachers 41-28, and $44-59$. the Explorers of LaSalle, the Rams finished their court campaign on the crest of a six-game victory streak.

The high scoring of "Milt" Blitz, who amassed one hundred twenty points in fifteen games, and of "Dick" Gracey, who rung up ninety-four markers, did much to further the Rams' cause. The stellar play of Captain "Jack" I Iinchey, who turned in eighty-two points caused many to wonder why he did not start each fray. Many times he sparked the team to a victory, and ended his career in a blaze of glory. Next in scoring honors came "Bob" Brown with eighty-one points, followed by Meyers, Wynne, Shello, Malsberger, McSparron, Metzgar, Donahey, and Lott.
So it was that all these boys aided in erasing any doubt as to the calibre of the Purple and Gold courtmen. The six-game streak at the finish gives the next quintet something to work on and to look forward to.

## FRESHMAN BASKETBALL

$W_{\text {ITH }}$ THE opening of the winter sporis ses-son came a cell for Freshman basketball men, to which the frosh responded whole-heartediy. Coach Lux took this group of first year men, who had never taken the floor together as a playing urit before, and molled them into a smooth-working machine.

Throughout the season Gauntlett, Kapsis, Mowbray, Stauffer, and Partel were the m-instays of the "frosh" scoring power, while Hoffman added to the tallying punch when he joired the squad late in the season. Yerger and McClister were also important additions at the beginning of the second semester.

Although a little slow in getting under way, the vearling basketeers manged to turn in a commendable record at the close of the season, having won most of their games. Some of the opponents on the schedule were Pennington Prep, Star Printers, Lighthouse Boys Club, Norristown Y. M. C. A., Brown Prep, Allentown Prep, Lincoln Prep, Delaware's Junior Varsity, Triangle Club of Philadelphia, and the West Chester Y. M. C. A.

Judging from the ability displayed on the floor this year, many of the boys who saw action on this team will undoubtedly be found on the varsity lineup during the next three vears.

## SWIMMING TEAM

T for the second season, turned in creditable performances. Despite the fact that only one victory was accounted for, several meets were even until the final events.

Out of five intercollegiate frays, the mermen trounced St. Joseph's College alone, $45-50$, while the tables were reversed at the hands of Delaware University, Swarthmore College, Temple University, and Brooklyn College. In addition, two informal clashes with Harrisburg and Coatesville Y. M. C. A. teams netted losses.

Among the specialists were "Art" Farley, sprint freestyle, "Hen" Donnon, backstroke, Captain French Gray, distance freestyle artist, Francis Paxson, diving and backstroke, Frank Hollick, breaststroke, and Leverne Shellenberger, all-around artist.

The Purple and Gold natators should, from indications, have a strong team next season owing to the fact that only one senior, Shellenberger, will be missing. Thus the same warriors will have an advantage of a year's seasoning.

## INTRAMURAL BASKETBALL

FROM A field of eighteen struggling aspirants, the Senior "Fishpeddlers" annexed the intramural basketball diadem.

A large number of teams necessitated the forming of two leagues, the American and the National, with nine teams in each. In the final playoff, eight teams were in the running, the "Lovers", "Wildmen", "Wolves", and Junior Health Eds from the American League; and the "Fishpeddlers", "Walnuteers", "Cornstalkers", and "Greeseballers" from the National League.

The annexing of the crown came as the third and final attempt of the winners for this end. Captain Swartley, Bruno, Hanigan, and Joe Carney have been teammates for three successive campaigns.

Special commendation goes to Charles L. Graham and his assistants for their efficient and capable handling of the leagues.

## TRACK - 1937-38

TIIE 1937-1938 track team, ably headed by Coach Waters, his co-captains Beda and Davis, and Managers Snyder and Schrage, officially opened the season with the staging of an inter-class meet to find replacements to strengthen the noticeable dearth of veterans. Honors went to the Sophomores, of whom Ward, Lawson, Shotts, and Johnson were selected, with McNab and Buckman as alternates, for the coming Penn Relays Carnival. In these relays, the soph Ram team placed second as they spiritedly pushed the Michigan State Teachers combination to a new carnival record for their class. The two individual contestants entered, Lawrence and Otwell, seemed to have difficulty winning over Lady Luck, as Lawrence failed to qualify in the pole vault and then Otwell finished eighth in the three-thousand-meter grind.

The invitation track meet at W'est Chester saw the rounding into form as Beda, Kohn, Lawrence, Shotts, and Otwell took first places in their respective events. The singular honor of setting a new school record for the quarter mile was left to Harry Johnson as he and his comrades left LaSalle. Swarthmore, and Susquehanna in the proverbial dust. Then, in the dual meet with Albright, Captain Davis, who had been doomed to the sidelines because of an unfortunate leg injury, saw his cohorts out-roar the Lions ninety-eight to twenty-eight. Among the leaders

in the scoring of the meet were Bill Kohn, Ed Beda, Eddie Otwell, and Cal Smedley as Johnson did it again to chalk up another W'est Chester record, for the half mile this time. Firsts were also added by Eubank, Chet Stroup, Giersch, MacNab, and Ray Peltz.

In the final meet for the State Teachers College Track and Field Championship, Bloomsburg proved superior to the Waters proteges, and the championship left our fair campus for the first time since 1930. Ointment for the chagrin felt at the loss of the championship, however, was the fact that Shippensburg, Lock Haven, Slippery Rock, and Stroudsburg were left trailing West Chester.

Otwell Besides this, there was the brilliant showing of Jimmy

Ward as he created a new state record of twenty-two seconds flat in the two-twenty.

With the advent of the 1938 season Ram prospects on the track and field are good owing to the return of many veterans of previous years. Opening with the Penn Relays on April 29, the Purple and Gold artists of the cinder path face a schedule of five other meets.

## TENNIS TEAM

ThE PURPLE and Gold racquet wielders, under the tutelage of Coach Charles Graham, are facing the problem of filling the gaps in their ranks caused by the graduation of five seniors.

Last season showed one of the strongest tennis aggregations ever presented by the Rams. Results show eight victories over Pennsylvania Military College, St. Joseph's College, Rider College, Millersville State Teachers College, Indiana State Teachers, East Stroudsburg State Teachers, and Ursinus College twice being on the short end of the score, while the Purple and Gold was the loser to the University of Pennsylvania, Delaware University, and Temple University, and tied with Albright College.

The squad is built around the returning veterans, Harry Levitsky, "Joe" Russial, Paul Towner, "Al" Buynak, and "Jack" Metzgar. Since these are the only "old hands", many new faces will appear in the roster as the proteges of Coach Graham take to the courts. Facing again a strenuous fourteen-matclı schedule, the Rams racqueteers are expected to rise to the occasion and again turn in a fine performance.

## GOLF TEAM

Coming BACK with more zeal than ever, the Purple and Gold golfers, after defeats last year at the hands of Pennsylvania Militery College, Haverford College, and St. Joseph's College, are looking forward to a strenuous but promising campaign.

The team is bolstered by the consistent stellar play of Captain Carmen Storti, who, last year, won all of his matches. Playing in the next position is "Tom" Clifford, a newcomer, followed by "Eddie" Monaghan, Howard Pickel, "Joe" Cave, and "Mike" Wyatt, with a true Scotch touch being added by McLarnan and McPherson.

This year's roster boasts four opponents on a home-to-home

Storti, Captain basis and two other matches, which is an improvement over last season's three-opponent roster.

Under a new tutor, Coach Ralph Ricker, the Ram club swingers can be seen any day at the West Chester Country Club, where their home matches are played, practicing for what promises to be a successful campaign.

## BASEBALL—1937-38

Coach glenn Killinger, with Captain Taronis and Manager Beayer, battled through a 1937 baseball season remarkable for its sequence of sporadic fine playing followed by surprising losses. With a pitching team composed of Barnes and Ramsdell, and basemen Forbes, Clifton, and Wynne, the Purple and Gold nine set out against an imposing calendar list. Captain Taronis behind the plate, with Gracey at short, and Rogo, Angelo, and Phillips in the field completed the West Chester hopes as the first dates rolled around.

In the opening practice game with the University of Pennsylvania, the pitching department, supplemented by Bill Rineer, showed its effectiveness in an eight-four close. Despite this effectiveness, a weakness at the bat foretold the coming three-nothing defeat at the hands of the Delaware University team. This latter game with the Mud Hens, played in a flurry of snow, broke Barnes winning streak of nine straight games. Next among the features offered by the local nine came a session with the Baltimore Orioles to initiate our fine new baseball diamond. With Lentz and Robinson pitching for the opposing team and Ed Remorenko appearing to his friends as Oriole left fielder, the friendly bout closed with a talley of fifteen to six against the local boys. Among the early opponents was also the powerful Penn A. C. team, against which Forbes and Phillips showed their skill at bat, with Simons and Yesko bolstering the veteran

Barnes. It was Rogo's stirring homer in the ninth which finally put the game in the bag for West Chester.

But luck didn't hold, and soon the boys were showing their rather whimsical nature as they bowed to Washington College to the tune of numerous errors. Then, just to prove that they had it in them, the West Chester aggregation proceeded to tumble Duke from a pedestal of fifteen straight victories. The slugfest was characterized by Angelo's safety, accounting for three runs, and McCall's sparkling work at shortstop as the Rams drove to a fifteen to one victory. P. M. C. was the next opponent to meet West Chester in a hard-hitting mood, and she fell as Rineer, Leniz, and Ramslell successively toed the mound.

Then, nearing the end of their campaign, the Killingerites after taking the Cadets by storm, failed to function in a crucial test and allowed Kutztown to walk away with a five-four victory. Again, at home, Washington College prevailed, as Jacobs, Malsberger, and Taronis alone scored. In a return engagement with the Penn A. C., Gracey and Jacobs added their bits to the tally. However, with the pitchers of the day, Barnes and Ramsdell, they have to leave Shibe Park on the short end of a five-four score. it the close, the West Chester again tightened to scalp the Indiana Indians six to four. In this game, skillful action behind the plate and a lack of errors, which had been the season's bugaboo, again were shown as baseball closed on a note of victory.

With a bevy of veterans headed by Captain Clifton left from last season, the outlook for 1938 should be one of optimism. The Ram twirlers face a fifteen game schedule, including tilts with Duke, Pennsylvania, and Penn A. C.

## GYM TEAM

According TO custom, Coach Earle C. Waters of soccer repute, turning his attention to the gym team, produced another top-notch group of performers. Taking part in four intercollegiate contests and three demonstrations, the Ram gymnasts did much to adding to the reputation of West Chester State Teachers College.

The first of a series of four dual meets featured keen competition between the apparatus men of Penn State and the Rams, the former finally winning 29-24. The next meet featured a Purple and Gold win over the gymnasts of Kutztown State Teachers College 36-18. The next meet, the one home exhibition, with. Panzer College, found the Rams again on the short end, 3519, and the red-clad gymmasts'of Panzer repeated later by the score of $\overline{3} 9-15$ when the P. and G. performers visited their campus. In addition to these contests, demonstrations were given at Swarthmore High School, at Smedley Junior High School, Chester, and at the Olympic Club program.

Senior performers are Captain "Ding" Forwood, "Jack" MaoNab, Leverene, Shellenberger, "Charlie" Downin, " Mike" Dovle, and "Bob" Lomax. The loss of the services of these seniors will be greatly felt when the gymnasts resume activities next winter.

## WOMEN'S SPORTS

T HE FAIR Diana of today finds herself, not on the wing's flight amidst the woods in search of the hunt, but with alar swiftness pursuing a hockey ball down a sodden field, or juggling a basketball out of the clutching grapple of her opponent. The women's sport world has emerged from the darkness, and for many years has presented the maiden with diverse opportunities for exercise and enjoyment.

Our Diana finds recreation and diversion in learning the qualities of sportsmanship and the rules of the game. She leaves her worries tucked away in her history book and joins in or trips the light fantastic in a class of modern dance. That fatal slip in English is for one moment forgotten as she successfully evades the goalkeeper's boot and makes the final score that breaks the tie and wins the hockey tournament for her team

This greater interest in the field of feminine sport is accomplishing its purpose by developing the maid physically, as well as mentally and morally.

## W. A. A.

ONE OF the largest organizations on the campus is the Women's Athletic Association which has increased annually and this year has a grand total of approximately four hundred members.

The purpose of the organization is to stimulate participation in intra-mural sports for women, to develop skills which will provide entertainment during leisure hours after college life, to encourage leadership, and to develop the spirit of good sportsmanship.

An opportunity is given to all women of the college to participate in the various activities offered by the W. A. A. These activities include swimming, hiking, fencing, modern dancing and tap dancing, archery, golf, hockey, tennis, volleyball,
ping-pong, badminton, bowling, and shuffleboard. Tournaments are conducted by the managers of their respective sport each semester. Besides this diversified program many enjoyable times are provided for at pienics, quad hops, barn dances and roller skating.

In order for a girl to receive club credit she must attend at least one sport sponsored by the association and attend the one required general meeting of the semester.

The advisers are Miss Wade and Miss Leach who with the officers and managers compose the W. A. A. Council. The Council meets the first Monday of every month.

The officers of the club are:

## W. A. A. COUNCIL

"A SPORT FOR every girl, and every girl a sportswoman". Such is the motto of the Women's Athletic Association that has been carried down through the years, and on such does the Council of the Women's Athletic Association base its organization and planning. With the aid of two faculty advisers, Miss Wade and Miss Leach, this Council carries on the business of women's sports on the campus.

It has been the task of the Council throughout the vear to plan monthly W. A. A. meetings, to direct various sport activities, and to carry on the immediate business of the organization. Meetings have been held the first Monday of every month, at which, plans for the betterment of the

Miss Wade Women's Athletic Association were discussed.

Helen Replogle, president, ably guided the Council through a successful year. It was through the persistence of the president and Hazel Christman, hockey manager, that many girls were given a delightful opportunity to mingle with other athletically minded girls at the Shippensburg Play Day.

## HEALTH EDUCATION HOCKEY

MAVING COME out on the wrong end of the league in their freshman year, a group of determined sophomores returned to the campus in the fall set on winning the championship of the girls' Ilealth Education Hockey tournament.

Early in October these sophomore hockevites opened their season by administering a 6-0 defeat to the Ellis College team with Woodside, Hesel, Thomas, and Hanby sharing the scoring honors. This was but a prelude to a most successful season on the field in the Health Eeucation tournament. The race was close between the Senior and Sophomore teams with the Seniors favored to win, but determination to make up for their poor season the year before and excellent teamwork between good scorers and a strong defense finally won out for the lower class team.

Having had two consecutive years of playing together with a championship in the second, the Sophs should have an excellent opportunity to repeat their victory in their two remaining years on campus.

The personnel of the victorious team is as follows: Peggy Thomas (Capt.), Emma Woodside, Lillian Hesel, Mildred Melchior, Jean Van Blargan, Helen McIntyre, Jean Matthews, Daisy Wilson, Marion Hanby, Betty Young, Virginia Smith, Jean Metz, Mary Enck, Gladys Lutz, Betty Reinert, and Marion Voorhees.

## ACADEMIC HOCKEY

Although there was no Academic Hockey tournament this year on account of the scarcity of players, there was, nevertheless, much activity on the part of the Academic players. The amateurs and the advanced players spent many afternoons in hard but enjoyable practices. The one game played between the Academic team, captained by Helen Sturzebecker, and the Freshman Health Education team was hard fought, the Academics yielding to a score of $3-0$.

The main event of Academic hockey interest was the Shippensburg Play Day, for which fifteen girls were selected to play hockey with other State Teachers Colleges. Although a rainy day prevented any attempts at a hockey game, the trip was both valuable and enjoyable. Group discussions and demonstrations were given in the morning, and intercollegiate volleyball games made the afternoon quite entertaining.

While no organized activity was possible on our own campus this year, still it may be said that the Academic Women's hockey season was a very successful one, in that the spirit of sportsmanship and friendly relationship prevailed.

## HEALTH EDUCATION BASKETBALL

ONCE AGAIN the fight for supremacy in the Women's Health Education Basketball tourney was between Junior and Senior teams; and once again the Junior sextette came out victorious with an undefeated team. The third year lasses, however, had no easy battle in overcoming their senior foe. With but three minutes left to play in the deciding game, the score was deadlocked at $20-20$. In these last few exciting moments the Juniors scored three points while the Seniors could manage to tally but one, leaving the score 25-21 at the final whistle. Emma Woodside, snappy forward for the winners, was high scorer with fourteen points; "Donny" Carl of the losing squad came second with eight ; and Helen Replogle, senior, and Eleanor Wesley, junior, were tie with six each.

## ACADEMIC BASKETBALL

THE ACADEMIC Basketball tournament went forward with unbounded spirit in spite of the scarcity of participants. There were only two classes represented by teams, the Juniors and the Freshmen. The Juniors carried off the coveted title of Academic Basketball champs by defeating the Freshman Academics, the Junior Health Education II, and the Freshman Health Education III, losing only to the Freshman Health Education II.

The games were usually played at four-thirty on Tuesday and Thursday. The Freshman Academics lost all their games but played throughout the entire tournament with a good will.

The members of the Junior Academic team were Dot Sauerman, Faye Daubert, Mary Louise Freeman, and Helen Sturzebecker (captain), guards; Martha Lippincott, Jean Kirauter, and Helen Kennedy, forwards.

The Freshmen were ably led by Eleanor Ludwig; other members were Margaret Esbenshade, Ann Taylor, Mildred Fritzinger, Ruth Paul, Evelyn Black, and Claire Miller.

## VALKYRIE CLUB

THE VALKYRIE Club sponsors modern dancing, which is under the guidance of Miss Schaub. Twice a week during the entire college year, classes are held in Recreation llall for young tespsichoreans to receive instruction in this comparatively new type of dancing. The modern dance is the highest type of dancing we have. It is like the ballet, as it is based
 on walking, running, and other fundamental rhythms of the body. This type of dancing helps the individual to gain good posture, balance, poise, and self-assurance, which otherwise might not be developed.

Social functions are also a part of the club activities. Initiations, supper hikes, and trips to see some of the leading exponents of the dance are a few of the events enjoyed by Valkyrie members. These various activities of the Valkyrie Club provide opportunity for all with like interests to mingle with one another and to develop a spirit of cooperation and friendliness.

## IN RECOGNITION

BEHIND THE scenes of our four year drama, prompting, directing, and coaching us to greater heights of Thespian glory, have been two personages, Miss Barrer and Miss Ramsey, troupers, tried and true. They have been the guiding force behind our meagre attempts at play production, and to them goes the credit of turning defeat into victory on more than one occasion. They have developed a side of our personality, a phase of the cultural aspect, that in cases remains uncultivated. We pause in fitting recog-

nition of two such loval and worthwhile persons who have contributed so much to the enjoyment of our seemingly short college life.

To you, Miss Barrer, and to you, Miss Ramsey, we offer our sincere thanks and unreserved appreciation for your part in making our stay here at W'est Chester more profitable and more enjovable than it otherwise would have been. We express our hope that, in the future, you will keep up the fine work that you have done in the past.

## CAROL SINGER

MISS LOUISE BOLTON
ONE OF the most beautiful scenes played in our drama is the Annual Christmas Carol Service, presented the evening prior to the beginning of Christmas vacation. The most dramatic moment of this service occurs when the Senior class's outstanding soprano makes her entrance to sing the beautiful "Cantique de Noel". This year Louise Bolton was chosen to thrill the large audience with the rendition of this well known carol. A large round of our applause goes to Louise for the excellent part she played in our small West Chester drama.

## NEW RECITATION HALL

$\mathrm{O}_{\text {NE OF }}$ the outstanding scenes in the 1937-1938 drama was the Ground-Breaking Exercises for the new Recitation Ifall. This scene had significance not only for the year but for the continuing drama of the College, since it marked the beginning of one building and signified the inauguration of a plan for a series of buildings to be erected in the coming years. Feburary 18, 1938, saw this momentous project begun on our campus.

The ground-breaking ceremonies themselves proved an occasion for the whole-hearted cooperation of the faculty, the student body, and the public. The great interest and enthusiasm displayed by all concerned showed that each individual considered the project of importance to himself as well as to the College. The Seniors, who are leaving this year, will undoubtedly feel as keenly concerned about the new College as the Freshmen, who have three years before them.

Mr. Woodrow Wilson Jones, who represented the State Government at the ground-breaking ceremonies, stressed the idea of cooperation between the State and the educational institutions. Such an attitude was well demonstrated throughout the ceremonies and will undoubtedly continue to be more lasting than the new building itself.

## Kohn:

A full moon bathed a serpentined campus in a monochrome of silver. Stars high above flickered like diamonds glistening upon a jade setting. The trees, fresbly blossomed, stirred softly in the cool night breeze. Grotesque shadows fell upon
 a blanket of greensward as the rays of the moon were intercepted, bent, and sent varthward by buiddings standing erect and black. Silence was everywhere. It would have been a sacrilege to break the tone.

We were three that night-three who but four short years ago had begun a common chapter of life. It secemed but yesterday that we stood "bedinked" and shorn of our sideburns, humbled in the presence of the upperclassmen. But Fate turns the pages of our chapter quickly, and we move on not so eagerly as we one day supposed we would.

In moving on, however, we take with us much more than we brought. We did not talk much; it was as if we didn't want to spoil one another's reverie. From the already fated ink of the first few lines of that pregiant chapter we drew the sery life of our four years at Wisst Chester.

A field goal kicked by Juhnny Steckbeck in a driving rain to break a tie with Waynesburg in a Turkey Day gridiron classic . . a home run by "Black Ace" Rugo ... Lawne Earle's dribbling on the wooten way ... Danny Rupert's superb soccer ability . . Il larry Johnson running the 440 ... an undefeated soccer season, a playue and championship recognition ... I'. M. C. beaten umeler the lights ... a Christmas celebration following

Junior year and the "Startlust Fantasy" . . . a gold stripe on a sweater . . . Frosh Stunt Night . . . bull sessions until 2 a.m. ...a pair of 3:00 a.m. eyes at $10: 30$ p.m. . . the loyalty and friendship of eight, now eighteen, classmates

The moon had risen still higher. The stars flickered still brighter. The night was at its zomitio. Sentimental well perhaps, but who can leave his best years behind without a bit of sentiment. We three parted with simply a goodnight; that's the. way it had been for four years. For us three there would newer be a goolbye.

MOSTLY THISSER AND THISSER
Steady, now. Sit tight. This won't hurt a bit once the needle's in.
This department and its conniving Boswell have gone literary!
There. Feel better?
lea, it is even so. Once a run-of-the-mine newspaper pillar, we have been lifted from the depths of despair to this spot on a Serpentine page, thereby putting the issue squarely up to us for a sudden blue plate stroke of literary genius that will go down in history as one of the world's few masterpieces.

We were afraid that we might be expected to walk about with a bulging brain and a fiery eye and a long goatee that would bespeak of the true literary qualities of the Serpentine, but they told us that it really wouldn't matterwater finds its own level, said they.

With that in mind, we begin casting about for something around which to center the piece. This being literary is a strain. Ised to writing about anything that pops into our head, we have to go warily in this attempt to be classical.

## THOUGIITS OF A FAREWELL-ER

All of which reminds us, somehow, that almost four bundred and forty six years ago an amateur sailor named Christopher Columbus completed one of the most romantic yet useful yacht cruises in our history: He paved the way for a new nation on that trip. The wind that blew his ships across the terrifying ocean still echoes down the corridors of time.

But how much of that actual trip is really known?
What, may we inquire, do we know about the inside of so many big events? Did anyone put down Chris's thoughts as he pushed on into the unknown?

Who can say how many times Chris was tempted to call it a day and go home? What worries may have beset him as he sloshed through a driving N'or'easter, wishing be'd taken Queen Isabella's advice and worn a raincoat?

Things like those make us wonder sometimes. Just how much of the actual story can two human reves absorb? What we are driving at is this:

This is the yearbook of the 1938 graduating class of West Chester State It is the book of the Seniors whose pietures you have seen in the Rogues fillery section. Nice pictures, say you. A fine class, you adel. But do you see beyond those pictures? Or did you miss all those little thumb-nail skethes of character in those portraits?

## SNOOPING BACKSTAGE

It has been our good privilege to learn a few things about these people that aren't general knowledge, so instead of reviewing obvious highlight events, we're going to try, as Columbus's biographers did not, to reveal some of the human interest stuff that goes along with this year's graduating class.

There's that chubby Italian guy from Minersville to begin with.
Monk Angelo, they call him. He played a lot of football for West Chester without a helmet, too. The thing that we'll always remember about Al is the mighty hand he received from a decidedly hostile Geneva crowd the night he trotted from the field after practically wrecking the Beaver Falls gang's whole team.

Then there's Frank Sharpe, the man behind the Serpentine. But it was too sad when he had to quit the stage to bedome an editor. The finest amateur actor we've seen ever.

Finally, there's the modest lad of the piece-Kin Pyle. A wonderful scholar, he's the type to whon you turn when you want things accomplished.

Ken has beld many responsible posts. To his credit we know of no instance when be ever attempted to further himself by the use of his powers. Wi should have realized his existence sooner. Maybe we should strike a medal in his honor. Why, naybe-

But, like Yachtsman Christopher Columbus', Pyle's thoughts on the matter are not known.

## SETTINGS

IN
N Y'EARS to come, as you turn these pages, let your thoughts wander back to the days when you played the part of a college student. May the pictures of these buiklings, though they be only pictures on paper, call to mind the scenes you played in the shadows of these walls and bring you a few happy moments of peaceful reminiscence.

On this collegiate stage, We neophytes
Now learn the rudiments of acting.
Some day, we'll play the lead.
But now, eager, yearning, experience only, lacking
We strain the leash, hungry for script, prologue, footlights.
